

Your laptop/computer may contain software that is not compatible with the SIS Parent Portal.

Please see the follow items:

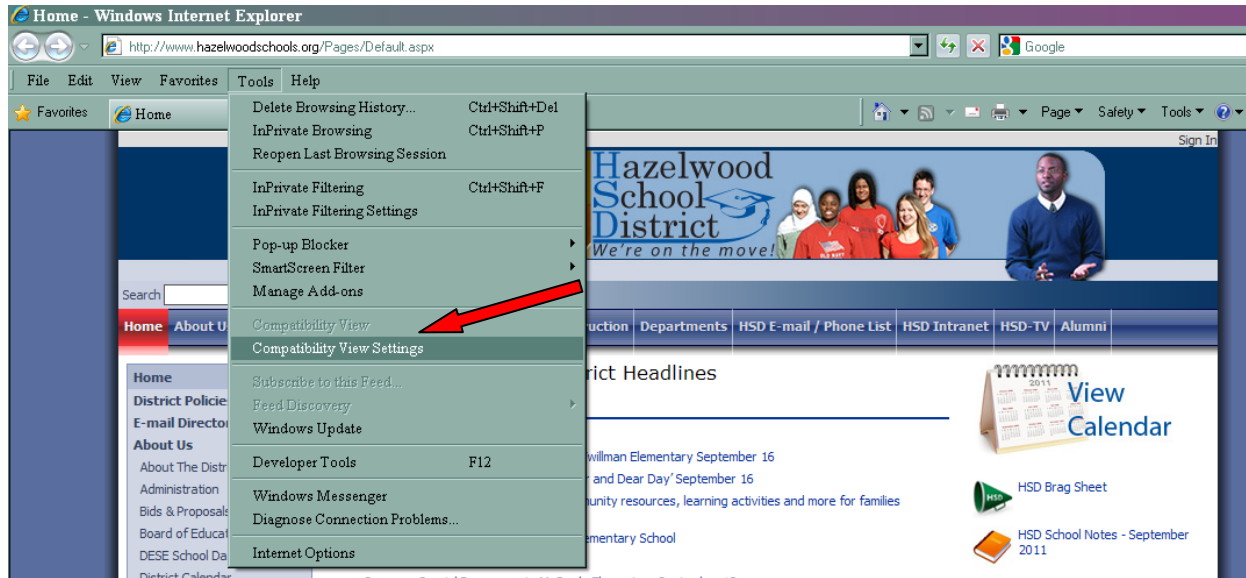

- Windows Internet Explorer version 8.0 or higher, must be in Compatibility Mode or View.
- Do not use Goggle Chrome or BING search engine, these applications will cause some SIS Parent Portal buttons/options to be inactive.
- Macintosh with Firefox version 3 is acceptable. Firefox version 4 is not recommended at this time.
- Do not use Mozilla.
- Macintosh with Safari version 5 is acceptable.

To switch to Compatibility Mode/View:

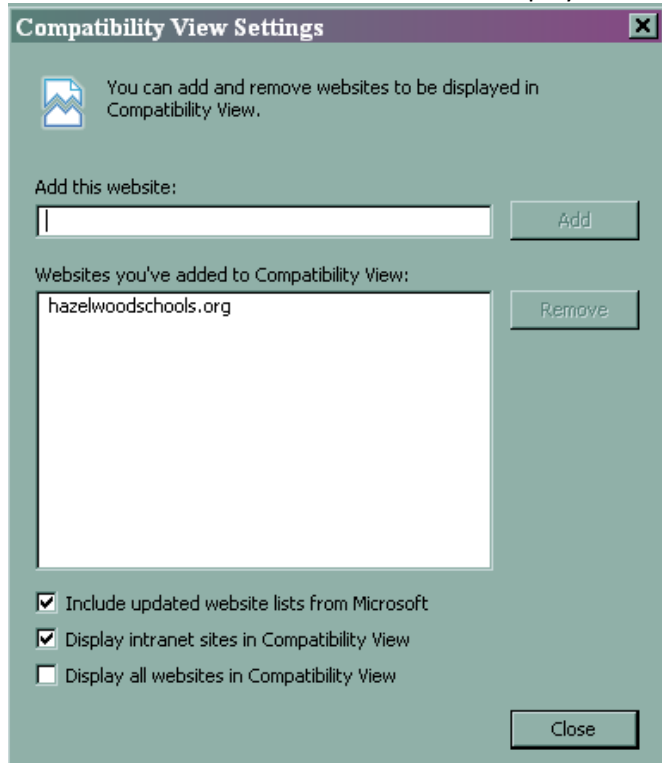

On the Windows Internet Explorer Menu Bar

Click Tools

Select Compatibility View or Mode OR Compatibility View Settings

Add the Parent Portal as a website to be displayed in Compatibility View.

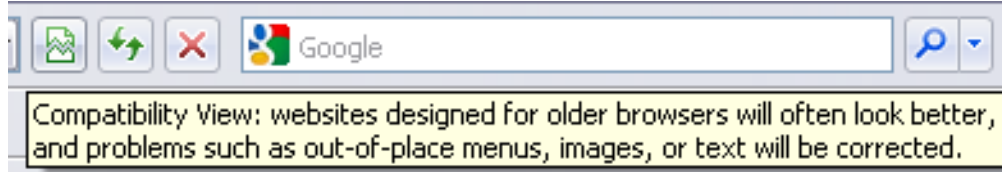

**OR**

Some versions of Windows Internet Explorer will display a Compatibility button or icon.

Click this button to switch to Compatibility View:

I hope this information helps you.
